PRAYER REQUESTS

Church Body: *Joyce Behrens*

Joyce Behrens has moved to Bainbridge Island Health and Rehabilitation Center. Her new address is: 835 Madison Ave, Bainbridge Island, WA, 98110

Church Body: *Daniel Jones*

Daniel has had juvenile rheumatic arthritis for the last 7 years. However, during the last 3 months, he developed psoriasis as a side effect of the medication Humira. He has switched medication, but the psoriasis is still there, including unknown pain in his hips and collar bone.

Persecution: *Mozambique Pastor's Wife & other Christians*

According to military sources, this month a terrorist group called Al-Shabab (linked to the Islamic State) intercepted a pastor in a field, decapitated him, and then ordered his wife to carry his head to the police station. After the attack, the Islamic State boasted it's affiliate had killed dozens of security personnel, Christians, and people from "Crusader nations." Please pray for the slain pastor's wife, Mozambique Christians, and for the Lord to reach the hearts of those who persecute the church.
